## Union Pacific Job Hiring Efforts Continue in Critical-Need Locations

Several railroad positions remain vacant throughout the western two-thirds of the country. Union Pacific is interested in hiring veterans for these positions—veterans who are interested in living in smaller towns and cities where they may have an improved overall quality of life with the chance of earning decent salaries. Applying for jobs in these smaller cities also is a great way to significantly increase the odds of getting hired and perhaps enjoy the better economies smaller cities offer.

These positions vary from state to state and from city to city. UP's web site at <http://www.uprr.com/employment> is regularly updated and veterans are encouraged to visit the site to review job descriptions and openings in all locations. All job seekers must complete their applications and check status on-line. Veterans can also recommend the site to their friends. Currently, the site lists more than 500 positions including: Track Laborer, Train Service, Apprentice Freight Car Repairer, Diesel Mechanic, Diesel Electrician, Mechanical Shop, and B&B Carpenter.
